**Workshops:** Hands-on workshops bring together individual artists to encourage students to actively discover their own artistic potential. Ideal for after school, library, or community center programs. Most workshops are product based.

**Residencies:** Offer experiences implemented by a specialized teaching artist. Residencies are multiple, participatory workshops and require a minimum of 3 sequential sessions per student group, and can be expanded into semester-long projects. Residencies take place in partnership with the classroom teacher and either focus on arts-integration or the artistic process.
